# UltraBond 10:1 Adhesive System

IMA-CCP-ADH METHACRYLATE ADHESIVE DISPENSING SYSTEM

M.V.P.'s UltraBond 10:1 Adhesive System is the ultimate solution for your methacrylate adhesive material processing needs. Now you can count on simple, accurate metering and mixing (no gear pumps) with this rugged, easy-to-maintain unit.

You get double-acting piston pumps for smooth, continuous power, stainless steel transfer pumps, catalyst pump, hoses, gun & fluid sections with air/solvent flushing.

Featuring the M.V.P. Powerslide power head, the UltraBond10:1 System delivers a rugged 25:1 power ratio from the 7" power head; the only true low psi power head on the market. Operators will benefit from quick response shifting and a pilot valve operated by line pressure for reliability and ease of use. Modular Rapid Access Design (RAD) means fewer parts for easy maintenance and low maintenance costs.

It all happens at the gun: The UltraBond 10:1 dispensing gun is the #1 choice of methacrylate adhesive bonding users. The gun incorporates an easy ratio check feature that assures proper mix every time. In addition, the UltraBond gun also features a "night cap" for protection against accidental crossover. Call today and benefit from the UltraBond gun's rugged stainless steel, straight-through material flow & 3/4" stainless steel mixer with disposable inserts.

## Specifications:

### Output Capabilities

Pour:..... up to 20lb./min (9.07kg/min.)  
depending on viscosity

Catalyst..... 10% by vol.

Air Requirements ..... 25 - 30 CFM

### Hose Length

Pour:..... 25 ft. (8.5 m)

### Shipping Information

Width: ..... 58 in. (218 cm)

Length:..... 49 in. (125 cm)

Height: ..... 72 in. (112 cm)

Weight: ..... 1100 lbs. (499 kg)

*If you are bonding with methacrylate adhesives, get the ultimate in dispensing technology with the **UltraBond** and call **M.V.P.** today!*

## Featuring:

***The most accurate & reliable metering system made for methacrylate adhesives bonding materials***

***Chop Check Fluid Section***

***Double Acting Piston Pumps***

***No Gear Pumps***

***Rugged Stainless Steel UltraBond Gun***

***Stainless Steel Transfer Pumps & Catalyst Pumps***
