# Lift Mix Pro

AL-1000 MIXER WITH LIFT

Make OSHA happy and reduce the risk of material spills and troubling back injuries with the Magnum Venus Plastech Lift Mix Pro. Make yourself happy with consistently mixed materials every time. Powered with low cfm shop air, mixing drum materials is now a snap: fast, easy and uniformly mixed. Ideal for filled resin systems where constant agitation to maintain filler suspension is required.

The Lift Mix Pro comes standard with a solid base (PN# M-AGD-AL), and is available with the optional wheel kit as shown. For a third configuration, you can also mount it to a M..V.P cart for seamless integration on your production floor. Economy pricing makes this a must have when efficiency, consistency and safety are key contributors to the bottom line.

The AL-1000 (*The stand-alone lift apparatus*) and the AL-1000-P (*lift apparatus with wheel kit*) also work well with other mixers. Check out our other mixer options, including the M-AGD-10 Agitator or the heavy duty High Shear Mixer.

## Specifications:

**Air Motor**..... 3/4 hp  
**Shaft**..... 32"  
**Gear Ratio** ..... 25:1  
**Air Consumption** ..... 20 - 25 CFM  
(.57 - .71 m<sup>3</sup>/min.)

## Unit Shipping Dimensions:

### M-AGD-10 Agitator

47 x 16 x 9" (119 x 41 x 23 cm)

25 x 28 x 7" (63 x 71 x 18 cm)

### AL-1000 Lift Unit

59 x 9 x 13" (150 x 23 x 33 cm)

37 x 30 x 11" (94 x 76 x 28 cm)

**Combined Approx. Weight:** ..... 150 lbs. (68 kgs)

## AL-1000 (lift only)
