

# MiniPro Chopper

**MCS-PRO-INT (AS SHOWN) ENTRY LEVEL CHOPPER SYSTEM**

***Ideal for Small or Start-Up Operations***

***Quick Set-Up and Easy Installation***

***Low Entry-Level Pricing***

***Ideal for Converting from Hand Lay-up to Mechanization***

# MiniPro Chopper

MCS-PRO-INT (AS SHOWN) ENTRY LEVEL CHOPPER SYSTEM

The M.V.P. **Mini-Pro Chopper System** features reliable low pressure delivery, easy setup, easy operation and easy maintenance with Magnum Venus Plastech's renowned durability.

Featuring the famous M.V.P. Pro pumping system that utilizes a heavy duty stainless steel catalyst pump, this machine allows the operator to adjust the preferred setting with ease. Catalyst settings can be made with a simple pin adjustment.

Designed to handle low-to-moderate volumes, the M.V.P. MiniPro Chopper is ideal when the high-volume capacity of the APS, UltraMAX™, or Patriot™ systems are not required. All M.V.P. Pro Series Choppers use the V-Pro 2000 high-speed reversing valve to ensure smooth changeover from top to bottom stroke.

The Magnum Venus Plastech ATC-4000 Series Actuated Gun is one of the most advanced guns available in the composites industry.

One adjustment, instant response and low maintenance are just three of the features of the ATC-4000 Gun. Air is moved into two chambers, through air refinement adjustments to move the two pistons forward or backward based on trigger position.

The needle assemblies, attached to the pistons, open and close the valves immediately eliminating lead or lag of catalyst spraying without resin. The simple design, few adjustments and high quality parts result in lower maintenance costs.

## Specifications:

Output Capabilities: approx. 1 - 5 lbs./min.  
(.45 - 2.3 kg/min.)

Catalyst:..... 0.5% to 3% by volume

Air Consumption: ..... 12 CFM (340 L/min.)

### Average Crated Dimensions:

Length: ..... 84" (213 cm)

Width: ..... 27" (69 cm)

Height: ..... 29" (74 cm)

Weight: ..... 250 lbs. (114 kgs)

## OPTIONS:

### Resin Heaters

*A wide selection to fit your production needs:*

### Standard Pressure

CFH-4000-AI 220v Cleanable

85846-1 110v

85846-3 220v

## Gun:

ATC-4000  
Air Trigger Chop Gun
